**COUNCIL DISCUSSION:**

**Discussion and Consideration of Request From Chris Smith for Removal of Fines for 219 Duncan Avenue.**

The Clerk stated that the new owner bought the property on a tax deed sale. The codes fines have accrued to \$286,750.00 which were for a dangerous structure. He came into the office for a demolition permit and wanted to bring the property into compliance but before he sinks money into the cost of a demolition he wanted to have a discussion about a fine reduction. In the past fines have been reduced to the Town's cost to pursue the case. She estimated the cost of this case to be around \$1,500.00. She recommended that the fine be reduced to what the Town received from the tax sale which is \$3,183.00.

Council Member Bakker moved to reduce the fine to \$3,183.00. Council Member Meadows seconded the motion. The motion and second were withdrawn.

Council Member Bakker moved that upon completion of bringing the property into compliance and removal of all structures from the property that the fine be reduced from the current amount of \$3,183.00 and once the property is in compliance the Mayor will be authorized to sign the release of lien on behalf of the Town. Council Member Meadows seconded the motion. The motion passed by a unanimous voice vote of the Council.

**Discussion and Consideration of Request From Mike Briseno for Signage on Tropic Avenue.**

Mr. Briseno was not present but was requesting a sign be placed prohibiting four wheelers from driving on the right-of-way near his house.

No further action was taken.

**Discussion and Consideration of Attending the Putnam County Legislative Reception in Tallahassee**

The Clerk stated that the council is invited to this reception in Tallahassee on February 19, 2026. This will give municipalities an opportunity to speak to senators regarding proposed changes and how they will affect the Town.

The Mayor, Chairperson Conner, Carolyn Bennett, Annarose Larsen, and the Town Clerk will attend the reception.

A workshop was scheduled for 9:00am, January 27, 2027 to strategize what the Council wants to bring up for discussion at the reception.

**Discussion and Consideration of an Update on Interlachen Hall.**

The Clerk stated that staff has been working really hard on Interlachen Hall. The dais has been built, arrangements for installation of phones and internet have been made, and the punch list is almost complete.

She requested direction from the Council on the following items:

- 1) Did they want to keep the Kunta plants out front.? Lately there have been wasps in them. It was the consensus of the Council to keep the plants.
- 2) Did they want the door painted or leave it stained since it was replica of the original door. It was the consensus of the Council not to paint the door.
- 3) Since the building is considered a commercial building there needs to be a buffer between it and the residents to the south and west. She has received a quote under five thousand dollars (\$5,000.00) for a six-foot vinyl fence, so it doesn't have to go out for bids. It was the consensus of the Council to proceed with the fencing.
- 4) Remove curtain rail from upstairs? It was the consensus of the Council to remove the curtain rail.
- 5) Did they want to keep brush store replica doll house? It was the consensus of the Council to repair and keep it.

The events committee will make plans for a grand opening to be tentatively set for 11:00am, Friday, March 13, 2026. The Clerk will provide the committee with a guest list.
